PUBLIC SAFETY COMMITTEE

February 3rd, 2014

The Public Safety Committee of the Village of Mt. Horeb met on the above date at 5:30 p.m. in the conference room of the Municipal Building, 138 E. Main Street, Mt. Horeb, Wisconsin. Chair Mark Rooney called the meeting to order at 5:30 p.m. with, Mark Rooney, Mike McNall, Steve Grindle, Greg Steiner and Steve Holum present. Also present were Police Chief Jeff Veloff and Assistant Village Administrator Kathy Hagen.

MINUTES:

Rooney moved, Holum seconded, to approve the minutes from December 2nd, 2013. Motion carried.

PUBLIC COMMENTS:

None

CONSIDER:

“no parking” on one side of Forest St. between 2nd St. and 4th St.

History- A resident had contacted Administrator Ross to express a concern that if cars were parked on both sides of Forest St. fire and ems vehicles would not be able to make it through the area.

Chief Veloff advised the committee that he was requested to research the following by Chair Rooney;
Width of Oak St. between 3rd and Thompson St. 23' with parking on one side
Width of Forest St. between 2nd and 4th St. 28' with parking on both sides
Width of Park St. between 2nd and 4th St. 30' wide with parking on both sides

The Fire Department was contacted and advised Veloff that there were no NFPA standards as to how wide a road should be to allow apparatus to drive through. They also advised that in an established neighborhood like Forest St, the fire department would not get involved in trying to change signage that has been in place for many years. The widest fire trucks are 10' wide +/- a few inches.

I was also asked by a resident to measure the distance between two vehicles across the street from each other with snow on the ground (narrowing the road). The width of drivable roadway from mirror to mirror was 10'6".

Chair Rooney opened the discussion to public comments related to this issue.

Rollie Schraepfer- stated that he wanted to see parking limited to one side of the street on Forest St. He said that Fire and EMS vehicles would have an almost impossible time to get through the area if vehicles were parked across the street from each other. He said that he 300 block has many vehicles parking on the roadway. He also advised that when the curb and gutter were put in several years ago, the street, and available parking area was narrowed.

Residents of the 300 Block of Forest St.; James Jones, John Lee, Connie and Matthew Minke, Linda Wilhelmi, and Bill McGinnis all spoke in favor of keeping the street parking as is. They cited many reasons including; the lack of driveway parking, parking on a hill in the winter, narrow driveways, one car garages, guest parking, and a lack of parking in the area already for events such as Main St. events and swim meets.

Holum also advised that, as he has been to many fire department calls in the neighborhood, he has never witnessed an issue with fire apparatus getting through the area.

The committee discussed options available. Steiner moved, Holum seconded, to leave the parking situation as is. Motion carried.

CONSIDER:

Changing the time on the sign located on Hanneman Blvd. at Garfield St. from “no right turn between 7:30am-8:30am” to “no right turn between 7:30am-8:00am” at the request of the school district. After some discussion, McNall moved, Steiner seconded. To change the signage to read 8:00am. Motion carried.

CHIEF OF POLICE REPORT:

Chief Veloff briefed the committee on recent events occurring in the village.

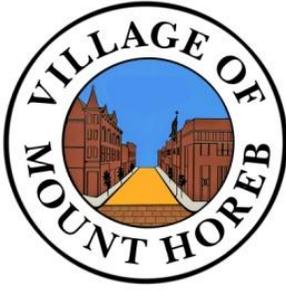

SET NEXT MEETING DATE AND AGENDA:

The next public safety committee meeting was set for March 3, 2014 at 5:30 pm.

ADJOURN:

Grindle moved, Steiner seconded, to adjourn at approximately 6:50 pm. Motion carried.

Respectfully submitted, Jeff J. Veloff, Chief of Police

PUBLIC SAFETY COMMITTEE

March 3, 2014

The Public Safety Committee of the Village of Mt. Horeb met on the above date at 5:30 p.m. in the conference room of the Municipal Building, 138 E. Main Street, Mt. Horeb, Wisconsin. Chair Mark Rooney called the meeting to order at 5:30 p.m. with, Mark Rooney, Steve Grindle, and Steve Holum present. Mike McNall and Greg Steiner were absent. Also present were Police Chief Jeff Veloff and Village Administrator Dave Ross.

MINUTES:

Grindle moved, Holum seconded, to approve the minutes from February 3, 2014. Motion carried.

PUBLIC COMMENTS:

Steve Books (211 S. 2nd St.) expressed a concern about drivers not signaling turns in roundabouts. As this was not an agenda item, Chair Rooney asked that it be placed on the next agenda.

CONSIDER:

72 hour abandon vehicle ordinance. Veloff explained that current ordinances are vague about allowing the police department to have abandoned vehicles towed after 72 hours of being in violation in the roadway. There was concern expressed by Rooney and Grindle about vehicle owners who may be out of town, vehicles that may need to park in the road due to a lack of driveway and garage space, etc. Veloff explained that many of these vehicles are reported by neighbors as being parked in the road and not moving for weeks or being owned by a resident who moved away and left the vehicle behind. Veloff explained the notification procedure of placing a sticker on the vehicle window and towing the vehicle 72 hours later if it has not moved.

Rooney moved, Grindle seconded, to recommend the ordinance be forwarded to the village board. Motion carried.

CONSIDER:

SRO Position. Ross explained that there are ongoing discussions with the school district with respect to this item. Item is tabled until the next committee meeting.

CONSIDER:

Crossing Guard notification plan. This was a discussion at the prior joint meeting of the Village Board and School Board. Veloff advised that a procedure is now in place where a school designee will notify the police department in the event there is not a crossing guard present at the designated times. If possible, a police officer will conduct crossing duties. If an officer is unavailable, the school will be notified. No action needed.

CONSIDER:

Traffic concerns at Garfield and 8th St. This was a discussion at the prior joint meeting of the Village Board and School Board. Ross and Veloff explained that as 8th St. is also a state highway, the Wisconsin DOT would have to study and approve any changes in traffic control. DOT requires that there be a certain volume of traffic on both effected roadways for 8 out of 12 hours per day before any traffic control change would be considered. The cost for stop lights would be approximately \$200,000. Ross explained that he will be working with the school district to discuss a potential study by a traffic engineer that would take

into account traffic considerations on all of the roads in close proximity to the schools on Garfield St. No action needed.

CHIEF OF POLICE REPORT:

Chief Veloff briefed the committee on recent events occurring in the village.

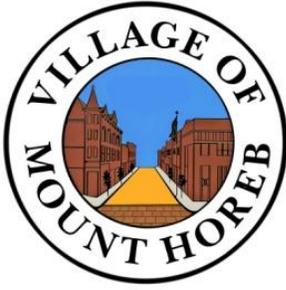

SET NEXT MEETING DATE AND AGENDA:

The next public safety committee meeting was set for March 31, 2014 at 5:30pm.

ADJOURN:

Grindle moved, Holum seconded, to adjourn at 6:20 pm. Motion carried.

Respectfully submitted, Jeff J. Veloff, Chief of Police

Also present were Police Chief Jeff Veloff and Village Administrator Dave Ross.

MINUTES:

McNall moved, Holum seconded, to approve the minutes from March 3, 2014. Motion carried.

PUBLIC COMMENTS:

None

CONSIDER FARMERS MARKET REQUEST:

Pat Leavenworth, representative of the Mt Horeb Farmers Market, detailed that the farmers market has been in Mount Horeb for seven years and is currently located at Heritage Park. The farmers market requests to move to the lawn at the Evangelical Lutheran Church on E. Main St. to increase visibility to the public. They will encourage visitors, with signage and website updates, to park in the parking lot behind the church or in the public parking lot at Front and 3rd St. The farmers market is on Thursdays from 3:30pm-6:30pm. No action taken.

PUBLIC SAFETY COMMITTEE

May 5, 2014

The Public Safety Committee of the Village of Mt. Horeb met on the above date at 5:30 p.m. in the conference room of the Municipal Building, 138 E. Main Street, Mt. Horeb, Wisconsin. Chair Mark Rooney called the meeting to order at 5:40 p.m. with, Mark Rooney, Mike McNall, and Steve Holum present. Steve Grindle was absent. Also present were Police Chief Jeff Velloff, Village Administrator Dave Ross, and School Board Member Keith Bakken.

MINUTES:

Holum moved, McNall seconded, to approve the minutes from March 31, 2014. Motion carried.

PUBLIC COMMENTS:

None

CONSIDER CROSSING GUARD STAFFING:

Chief Velloff advised that there has been ongoing difficulty obtaining any new crossing guards for the intersection of 8th St. and Garfield St. A lack of applicants is the issue. Officers often complete the crossing guard duties but at times have been unable to respond due to other priority calls occurring in the Village at the same time. Bakken suggested having members of the school districts para-professional staff perform the crossing guard duties and also be paid by the Village. Ross and Rooney explained potential employment law issues, specifically workers compensation issues, with having an employee being on duty with the school district and the Village at the same time. Rooney suggested allocating the Village crossing guard budget funds to the school district so the crossing guard is solely employed by the district. Bakken also discussed the potential for stop lights at that intersection and a sky walk over 8th St. Velloff advised that he recently contacted the Wisconsin DOT at the request of the Village Board and it is believed, by DOT staff, that the intersection traffic count would not meet a level that DOT would consider adding a traffic control device. Ross suggested that the budgeted crossing guard funds be paid to the school district for the next five school years starting in the fall of 2014. Ross recommended paying \$7,000 annually to the school for five years to cover those costs. McNall moved, Holum seconded, to recommend to the Village Board that the Village pay the school district \$7,000 annually for five years starting in the fall of 2014.

CHIEF OF POLICE REPORT:

Chief Velloff briefed the committee on recent events occurring in the village.

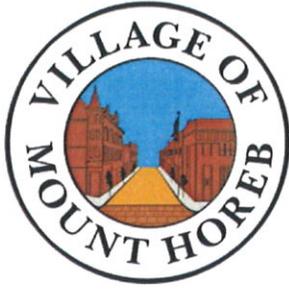

SET NEXT MEETING DATE AND AGENDA:

PUBLIC SAFETY COMMITTEE

August 4, 2014

The Public Safety Committee of the Village of Mt. Horeb met on the above date at 5:00 p.m. in the conference room of the Municipal Building, 138 E. Main Street, Mt. Horeb, Wisconsin. Steve Grindle called the meeting to order at 5:10 p.m. with, Steve Grindle, Mike McNall, and Steve Holum present. Mark Rooney and Cathy Scott were absent. Also present was Police Chief Jeff Veloff.

MINUTES:

McNall moved, Holum seconded, to approve the minutes from May 5, 2014. Motion carried.

PUBLIC COMMENTS:

None

CONSIDER MED DROP BOX:

Bobbie Rogers spoke about her brother who died recently from a heroin overdose. She and her parents, Dennis and Cindy Cordts, expressed a concern about having a med drop box available in Mount Horeb. Safe Communities representative Cheryl Wittke discussed the cost and some other details of the program. Chief Veloff expressed concerns of the drop box being in the police department lobby that is shared with the recreation department and the possibility of a child being stuck by a needle that may be dropped on the ground. He also explained that more evidence space would need to be created for secure storage of used and unused containers. There was also a discussion of placing a med drop box in the proposed new police department if it is built. Veloff also advised that med drop boxes are currently available in Blue Mounds, Fitchburg, West Madison, Black Earth, and Dodgeville. A suggestion was made the med drop box location list should be updated on the Mount Horeb PD website with all the others. Veloff said that update would be made as the Blue Mounds drop box was just recently installed. It was also suggested that the Mount Horeb Mail be contacted to see if they would be interested in publishing the locations where medications can be dropped off. Veloff said he would take care of that. Grindle asked Veloff to update the committee at a future meeting as to what the estimated cost would be for placing a med drop box at the police department. No action taken.

CONSIDER TRAFFIC ISSUE IN ALLEY NORTH OF 100 BLOCK OF E. MAIN ST.:

Grindle advised that there were some concerns about speed issues in the alley behind the 100 block of E. Main St. Village Engineer Rob Wright mentioned that there are blind areas in the alley. It was determined that the committee will be aware of this concern in the future. No action taken.

CONSIDER ONE WAY STREET REQUEST IN 400 BLOCK OF OAK ST.:

William Copus, of 408 Oak St. expressed concerns of speed and traffic volume on Oak St. Veloff discussed the results of the speed trailer data capture recently completed in that block. Over a one week period, 526 vehicles traveled West in the 400 block of Oak St. 509 vehicles were traveling between 1 and 21 miles per hour. 7 vehicles 22-23 mph. 5 vehicles 24-25 mph and 5 vehicles over 25 mph. The average speed was 14.3 mph. Traffic volume by hour was 0-19 vehicles per hour. With the majority of hours being in the low single digits. Copus stated that the numbers were not correct as he has a trail cam set up and has documented 60 vehicles per hour traveling on the road. Copus continued to relate his

concerns about traffic volume and speed. He detailed his request to make that block a one way street. Rob Wright said that Oak St. is a very low traffic road. Wright suggested looking into marking the crosswalk at Oak and Thompson and seeing if that would help. Wright said he would work with street superintendent Laurel Grindle and Administrator Dave Ross to look into striping the crosswalk. Holum moved, McNall seconded, to have Wright look into this and have the police department complete another speed and traffic study for traffic in both directions in three months. Motion carried.

CONSIDER PARKING RESTRICTIONS ON S THIRD ST.:

Paul Hodgson of the American Legion expressed a desire to allow parking on the East side of S. 3rd St. between Main St. and Front St. Several other American Legion representatives were also present. After some discussion, it was determined that for a few days the police department would “cone” the East side of S. 3rd St. to get an idea of how narrow the road would be with parking on both sides. This would be discussed again at the next scheduled public safety committee meeting. There was also a request to remove the “tour bus parking only” signage located on the West side of S. 3rd St., just South of Main St. McNall moved, Holum seconded, to remove the tour bus parking space and open it to the public. Motion carried.

DISCUSS POLICE DEPARTMENT BUDGET ITEM:

Veloff mentioned that he and Administrator Ross had discussed how adding more staff to the police department would affect the police overtime budget. Veloff explained how two extra officers would work in the schedule and potential overtime budget impacts. No action taken.

CONSIDER PUBLIC SAFETY COMMITTEE FREQUENTLY ASKED QUESTIONS:

Veloff provided the committee with a draft of public safety committee FAQ’s. It was discussed that persons requesting these specific agenda items be provided a copy of the FAQ’s prior to their concern being added to future public safety committee agendas. After they have a chance to view the FAQ’s, a decision will be made whether or not their request will be added to a future agenda. McNall moved, Holum seconded, to have the police department post the public safety committee FAQ’s on their webpage and have the public provided with a copy of the FAQ’s before considering placing an item on the form on a future agenda. Motion carried.

CHIEF OF POLICE REPORT:

Chief Veloff briefed the committee on recent events occurring in the village. Specifically that a subject has been arrested in connection with two cases of sexual assault of a child and two subjects have confessed to the numerous criminal damage to property cases at village parks. The two juveniles face charges in Dane County Juvenile Court.

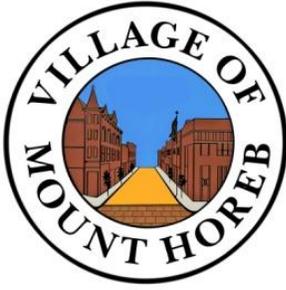

SET NEXT MEETING DATE AND AGENDA:

The next public safety committee meeting was set for September 8th at 5:30pm.

ADJOURN:

Holum moved, McNall seconded, to adjourn at 6:35pm. Motion carried.

Respectfully submitted, Jeff J. Veloff, Chief of Police

PUBLIC SAFETY COMMITTEE

September 8, 2014

The Public Safety Committee of the Village of Mt. Horeb met on the above date at 5:30 p.m. in the conference room of the Municipal Building, 138 E. Main Street, Mt. Horeb, Wisconsin. Chair Mark Rooney called the meeting to order at 5:47 p.m. All members were present with the exception of Steve Grindle and Steve Holum. Also present was Police Chief Jeff Velloff.

MINUTES:

McNall moved, Scott seconded, to approve the minutes from August 4, 2014. Motion carried.

PUBLIC COMMENTS:

None

CONSIDER REQUEST FOR SPEED BUMPS IN THE ALLEY BEHIND 100 E. MAIN ST.:

Vicki Mecozzi requested placing speed bumps in the alley behind the 100 Block of East Main St. due to traffic and speed issues. Jack Lyle also expressed concerns of traffic in the alley and possibly lowering the speed limit there to 5 mph. Rooney and Velloff explained that the speed trailer would be parked in the alley for one week in each direction capturing the speed and traffic counts of vehicles traveling East and West in the alley. A report of the findings will be shared at the next public safety meeting. In addition, a painted "pedestrian" zone will be designated in the alley behind the 100 block of E. Main St. to assist with pedestrian safety.

DISCUSS CROSSING GUARD DUTIES:

Velloff and Rooney discussed the statutory and village attorney opinion related to the authority of a crossing guard. The consensus is that a crossing guard may only stop traffic to cross pedestrians safely and can't direct vehicular traffic.

CONSIDER "NO LEFT TURN" FROM GARFIELD ST. ONTO 8TH ST. (IN BOTH DIRECTIONS) "WHEN CROSSING GUARD IS PRESENT.":

Velloff suggested a "no left turn" option in all four directions at the intersection of 8th St. and Garfield St. when the crossing guard is present. The portable sign would be placed and removed by the crossing guard when he/she is present. This should help limit traffic congestion at the intersection both before and after school. McNall moved, Scott seconded, to create "no left turn" at the intersection when the crossing guard is present. Motion carried.

CONSIDER PARKING RESTRICTIONS ON S THIRD ST.:

Rooney briefed committee members on the request for parking on both sides of S. Third St. between Front St. and Main St. The committee discussed the parking option, as well as potential traffic and safety issues related to the narrowing of Third St. with parking on both sides of the street. After some discussion, McNall moved to not allow parking on the East side of S. Third St. Scott seconded, motion carried unanimously.

MED DROP BOX FOLLOWUP:

Veloff advised of the following costs related to a Med drop box being located at the police department- \$1,000 per year to Safe Communities, \$500 per year PD supplies, \$2,000 one time cost for building secure storage area for med drop buckets. PD website med drop location list was updated to include Blue Mounds. The Mount Horeb Mail was provided with drop box locations list. Scott suggested that the police department notify the Mount Horeb Mail that the police department will accept any illegal drugs at the department with no questions asked. Persons disposing of illegal drugs with an officer at the department may also remain anonymous. Scott moved, McNall seconded, to not take action in pursuing a med drop box at this time. Motion carried.

CHIEF OF POLICE REPORT:

Veloff went over the number of calls at the Karakahl Inn from 2012 to the present time. Veloff also briefed the committee on recent events occurring in the village.

SET NEXT MEETING DATE AND AGENDA:

The next public safety committee meeting was set for Sept 29th at 5:30pm.

ADJOURN:

McNall moved, Scott seconded, to adjourn at 7:00pm. Motion carried.

UPDATE ON ALLEY BEHIND 100 E. MAIN ST.:

A pedestrian walkway has been painted in the alley behind the 100 block of East Main St. The speed trailer speed and traffic report results were discussed. Over 97.4% of vehicles traveling east were going between 13 and 18 mph. Over 98.9% of vehicles traveling west were going between 13 and 18 mph. Rooney stated the current speed limit in the alley is 15mph. He also read an email from Vicki Mecozzi, who was unable to attend the meeting. The committee discussed speed control devices. Grindle moved, McNall seconded, to leave the alley as is. Motion carried.

CHIEF OF POLICE REPORT:

The police department website has been updated with information that illegal drugs can be dropped off at the Mount Horeb Police Department with an officer for disposal, no questions asked and the person disposing of the drugs can remain anonymous. The Mount Horeb Mail has also been provided with this information.

Velloff also briefed the committee on recent events occurring in the village.

The police department is finalizing a partnership with Walgreens to safely dispose of unwanted medication in our community.

SET NEXT MEETING DATE AND AGENDA:

The next public safety committee meeting was set for Nov 3rd at 5:30pm.

ADJOURN:

McNall moved, Rooney seconded, to adjourn at 6:50pm. Motion carried.

Respectfully submitted, Jeff J. Velloff, Chief of Police
