

MT HOREB AREA COMMUNITY GARDEN PROJECT  
A COMMUNITY SURVEY

For nearly a year, a group of community members have been planning for the possibility of starting a small, well-organized community garden in Mt Horeb. After a lengthy search, the committee has located what we feel is an optimal site as it includes the availability of water, fairly level ground and parking. The site is Himsel Park, a village park, at the end of E. Spellman St., and it was approved by the Village Board of Trustees at their monthly meeting on February 7, 2018. We are planning to break ground this spring.

We would very much appreciate your input to assist the Mount Horeb Area Community Garden (MHACG) committee to assess your support, interest, ideas and to help shape the project:

- 1) Do you think you and/or your family might be interested in having a garden plot at MHACG? YES or NO  
**(Registration events are Saturday, March 3, 2018 from 10am -12noon and Wednesday, March 7, from 7-8:30pm at the Chamber/Welcome Center meeting room. Please enter at back.)**
- 2) Would you be interested in being involved in the planning process for the MHACG? YES or NO
- 3) Would you be interested in supporting this project in other ways? YES or NO
- 4) If YES, what are your skills and how could you help? (There are many possibilities: a few hours of physical labor, financial support, publicity work, education, etc.):
- 5) Please state any comments/concerns you would like addressed here:
- 6) Your name and contact information:

Thank you for taking the time to participate in this survey, and helping to guide our project. Please copy, paste, fill out and send completed survey to [lmessinger241@gmail.com](mailto:lmessinger241@gmail.com)

We look forward to a productive, creative and successful community garden.

The MHACG Committee: Lynn Messinger, board president; Kerry Beheler, secretary; Ken Scott, treasurer; Carolyn White, Tim White, Susan Ludington, members-at-large
